Post acceptance – copyright selection

After acceptance, authors will be prompted to choose their copyright license using the **Electronic Copyright Form** (eCF).

- Authors publishing in gold journals may choose between CCBY or CCBY NC-ND :
 - - A CC BY 4.0 license (in which the author retains copyright and the article is published open access).
 - - A CC BY NC-ND license (a more restrictive license than CCBY in that the article may not be reused for commercial purposes, nor may the article be changed in any way.)

Authors should confirm any license restrictions set by the institution.

Electronic Copyright Form (eCF)

1. Confirm that the article details are correct.
2. Confirm the paper's originality
3. OA Authors must agree "to pay" an APC (Article Processing Charge)
4. Select and sign CCBY license type
5. Download a copy of the agreement

RightsLink for Scientific Communications (RLSC)

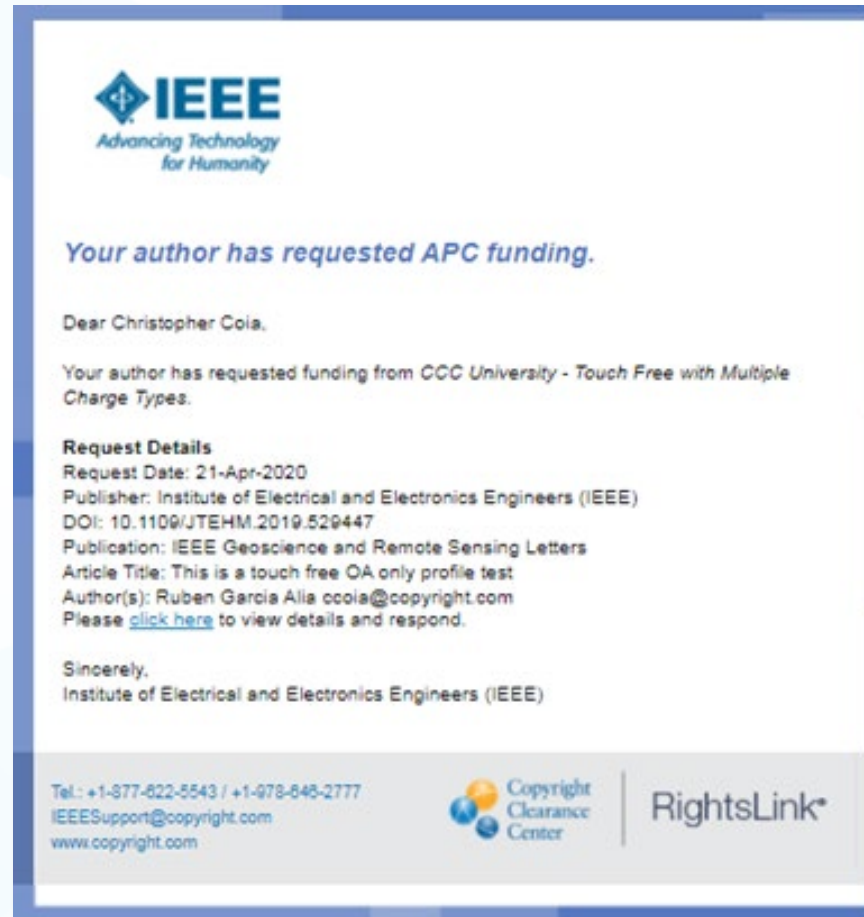

- All article processing charges (APCs) are handled through RLSC.
- After acceptance, RLSC will generate a funding request for the institution (if the author is affiliated with an institution that has OA agreement).
 - Institutional profiles are matched using author-provided affiliation data and Ringgold IDs.
 - In some cases, the author's email domain may also be used as a matching criterion.

Authors do not need to request funding through RLSC as this is done when a match is made between the manuscript metadata and the institution's profile in RLSC

Account Administrator capabilities

- The Institution Portal in RightsLink for Scientific Communications (RLSC) allows administrators to:
 - View pending transactions.
 - Approve or deny funding requests.
 - Manage notifications.
 - Pull transaction reports.
- Administrators can also set *Xplore* alerts to monitor published articles.

Billing Profiles | Funding Requests | Reports

The table below includes any funding requests that have been matched to one of your special billing profiles.

APPROVE

When you approve funding for a manuscript, the transaction will be completed, assigned an Order ID, and when a balance is due, included in your next invoice based on the schedule defined in that agreement's profile.

DENY

If you deny funding you will be prompted to provide a deny reason to inform the author of your decision. The author will have the opportunity to self-fund the transaction, resubmit for funding based on your deny reason, or elect to publish under a subscription model, as available.

Update Special Billing Profile

Use this form to view the special billing arrangement between your organization and a publishing house. You can also update contact information for your organization, assign a primary organization contact, and choose to suppress email notifications as needed.

- If you have more than one agreement with a publisher that varies by journal, you should expect to see separate profiles for each agreement.
- Note under the *Profile Attributes* section, you can see if the agreement applies to all journals or a subset.
