## Industrial Packaging Design Intern

### Position Snapshot

Location: Nestlé Research Orbe, Switzerland

Company: Société des Produits Nestlé S.A.

Act. Rate: Full-Time

Type of contact: Internship, 6 months

Start date: Flexible

Genuine opportunities for career and personal development

Modern “smart office” locations providing agile & collaborative workspaces

Dynamic international working environment

Attractive additional benefits

### Position Summary

The Nestlé Product Technology Centre Beverages in Orbe is the leading Nestlé Coffee and Beverages Competence Centre that develops products and production processes for in-home and out-of-home consumption. The product category departments consist of units in Konolfingen, Marysville, Orbe and Singapore and provide new products and processes to all Nestlé markets worldwide. They are the owner of the science and technology roadmaps for its category.

Our mission – to delight the consumer wherever, whenever, however by delivering moments of genuine pleasure and indulgence - drives the need for us to attract, select and develop the right people for the right jobs throughout the value chain of our business.

### A Day in the Life of an Industrial Packaging Design Intern

- Contribute to packaging design and development activities for key projects
- Participate in product research, explorative workshops and brainstorming
- Prepare sketches, mock-ups, concepts or movies to present innovative ideas to different internal stakeholders
- Support facilitation of creative sessions and concept board preparation for consumer testing
- Contribute to the packaging design benchmark by providing analyses and trends
- Manage exploratory projects autonomously

### What will make you successful

- Currently completing or just completed a University degree in packaging or industrial design
- Passionate for packaging design, innovation and fast-moving consumer goods
- Solid command of relevant design tools such as Sketching, Adobe CC, Rhinoceros, Keyshot, Solidworks or similar
- Creative thinker, independent and driven with sustainability awareness
- Good conceptual thinking and communication skills
- Fluent in English, any other language is an asset

At Nestlé, we want to help shape a better and healthier world, inspire people to live healthier lives and deliver impact at a scale and pace that makes a difference. We do this by fostering a diverse, friendly, supportive, and collaborative environment, that creates positive disruption, embraces innovation, and empowers people and teams to win.

We aim to hire friendly, respectful, inspiring people who care about the people's lives that we touch every single day.
