

## Internship Controlling 80 - 100% (f/m/d)

**At Hitachi Energy our purpose is advancing a sustainable energy future for all. We bring power to our homes, schools, hospitals and factories. Join us and work with fantastic people, while learning and developing yourself on projects that have a real impact to our communities and society. Bring your passion, bring your energy, and be part of a global team that appreciates a simple truth: Diversity + Collaboration = Great Innovation**

For our business unit Surge Arresters at the Wettingen site we are looking for a motivated intern for a temporary employment of 12 months. You will primarily support the local controlling department in its daily work. In doing so, you will quickly learn how to use common controlling tools and develop an understanding of the typical controlling challenges in a large international group. In addition, you will gain direct insight into the current economic challenges of a locally producing industrial company. In the exchange with other departments, you will learn about the overall corporate linkages of controlling and be able to contribute your knowledge and skills to process optimizations. In addition, as an intern you will have the opportunity to build your valuable professional network within Hitachi Energy through specific events.

Our flexible work practices help you optimize personal and business performance while creating an environment where all employees can develop their skills and grow.

### **Your responsibilities**

- Support with monthly financial statements and ad hoc analyses
- Support in regular forecasts as well as in the annual budgeting process
- Support in analyses of the NWC
- Active participation in the further development of our controlling tools
- Take responsibility for controlling projects / process optimizations
- Independent further development of the PowerBI tool for data analyses

### **Your background**

- Bachelor's or Master's degree in business administration (university or FH)
- Very good knowledge of Excel, SAP knowledge is an advantage
- Exceptional willingness to perform

Independent way of thinking and working  
Communicative personality with organizational talent  
Good German and English skills

## More about us

Hitachi Energy is a global technology leader that is advancing a sustainable energy future for all. We serve customers in the utility, industry and infrastructure sectors with innovative solutions and services across the value chain. Together with customers and partners, we pioneer technologies and enable the digital transformation required to accelerate the energy transition towards a carbon-neutral future. We are advancing the world's energy system to become more sustainable, flexible and secure whilst balancing social, environmental and economic value. Hitachi Energy has a proven track record and unparalleled installed base in more than 140 countries. Headquartered in Switzerland, we employ around 38,000 people in 90 countries and generate business volumes of approximately \$10 billion USD. [www.hitachienergy.com](http://www.hitachienergy.com)
