

Internship Business Controlling High Voltage Products (f/m/d)

At Hitachi Energy our purpose is advancing a sustainable energy future for all. We bring power to our homes, schools, hospitals and factories. Join us and work with fantastic people, while learning and developing yourself on projects that have a real impact to our communities and society. Bring your passion, bring your energy, and be part of a global team that appreciates a simple truth: Diversity + Collaboration = Great Innovation

For this one-year internship we are looking for a highly motivated and mature person to join our Controlling team. We offer the opportunity to develop your Business Controlling expertise in a multinational and highly complex, industrial environment with a unique combination of system business and manufacturing in house.

Do you have an entrepreneurial mindset? Are you a fast learner who is willing to challenge the status quo? If you are eager to learn and develop, combined with an open personality and excellent communication skills, we are looking forward to getting to know you.

Your responsibilities

Project Controlling – Support customer project managers and the project controllers in regular and ad hoc tasks (project hand overs, reporting, closings, margin analyses, cash collections). You will learn about the unique characteristics and challenges of the project and system business in Hitachi Energy

Monthly and quarterly closing – Regular closing tasks within assigned area of responsibility. You gain profound understanding about financial reporting procedures in a multinational corporation

Forecasting – Independent data collection and forecasting of KPIs in own area of responsibility. Deviation analysis and proposing of actions to meet targets. You develop an understanding of the Business Partner role of a modern financial controller and learn to take ownership of important business metrics

Development of tools and processes – Work independently on own projects to improve controlling tools and processes

Your background

Bachelor or equivalent degree in Business/Finance/Economics or similar

Strong analytical skills and affinity for numbers

Proficient in MS Office, especially in MS Excel. Previous experience in SAP advantageous

Fluent and confident in English

Mature personality, open and international mindset, strong communication skills, willingness to learn and challenge the status quo

More about us

Hitachi Energy is a global technology leader that is advancing a sustainable energy future for all. We serve customers in the utility, industry and infrastructure sectors with innovative solutions and services across the value chain. Together with customers and partners, we pioneer technologies and enable the digital transformation required to accelerate the energy transition towards a carbon-neutral future. We are advancing the world's energy system to become more sustainable, flexible and secure whilst balancing social, environmental and economic value. Hitachi Energy has a proven track record and unparalleled installed base in more than 140 countries. Headquartered in Switzerland, we employ around 38,000 people in 90 countries and generate business volumes of approximately \$10 billion USD. www.hitachienergy.com
