

# Voice Recording Task English Speakers in Switzerland | Freelance Job

***We are looking for English Speakers in Switzerland! (EARN \$250 = 3.5hrs/week)***

- Work from home opportunity with flexible hours
- Opportunity to participate in more than one project
- No Experience Required

## **Project Description:**

The task consists of a total of 600 short sentences that you need to read on a screen and say out loud using the Appen mobile app. You just have to follow the sentences written in English, you don't have to form your own sentences.

- An example of a sentence to read: "Okay Alexa, I need directions to work"

## **Task Duration:**

Each sentence lasts an average of 3 to 6 seconds. You should plan a total of 3 hours for the 600 recordings. Of course, we encourage you to take breaks. We give you at least 7 days to record all sentences.

## **Requirements:**

- Have an up-to-date smartphone
  - (iOS devices must be iPhone 8 or newer **OR**
  - Android devices must be 2017 or newer)
- Must be a fluent **English** speaker and a resident of **Switzerland**

- Able to record your audio in a very quiet room, free from background noise

If you are willing to take part in this interesting audio recording task, then let's go!  
A great way to earn extra cash while you are at home!

### **What to expect when you register:**

- Create an Appen Account
- Choose **English (Switzerland)** as your primary language
- Complete your profile and project registration

**Note:** To be visible on your end, please don't forget to add "**English**" language to your profile and kindly search for project Auggie.

Thank you and we hope to work with you soon!

*"Appen has a diverse, inclusive culture that is vital to our mission of helping build better AI. We offer opportunities for individuals of all abilities and backgrounds."*

### **About the company:**

Appen is a global leader in the development of high-quality, human-annotated datasets for machine learning and artificial intelligence.

We are seeking individuals who are looking for an exciting work-from-home opportunity. Our mission is to deliver the best data solutions and expertise to developers of AI for communication, driven by our passion for innovation and our love of languages.

**Location?** – Anywhere in Switzerland

**Type:** Part-Time, Remote Work, Freelance Work, Flexible Working Hours, Work at Home

## Speech Data Collection

In this project, Appen collects voice data in English to train and develop artificial intelligence algorithms. Your audio recordings will be used to improve voice recognition technologies.

### Requirements:

- Must have a recent smartphone
  - If you have an iPhone, it must be an iPhone 8 or newer
  - Android smartphones must be from 2017 or newer
- Must be an English speaker living in Switzerland
- Must be able to record in a very quiet indoor environment, without background noise.
